Serving Amateur Radio in Caldwell County

President's Column

There is no president's column this month.

Editor's Column

Michelle - KD4YTU

Greetings. Fall is here and the first cool weather of the season has arrived. It is still not cold enough to start the furnace, but that should be soon. It is not long now until the time change.

We are having a wild time at Foothills Community Workshop now as we are building a "Fright Night" for Halloween. This will be a FREE haunted house in the area behind the Hackerspace. We'll have treats for all kids attending. Since there are many parents in the area who cannot afford things for their kids, spread the word that they are welcome. The dates are Friday and Saturday October 26 and 27 and Halloween Night. Times are 6-9PM.

We also have an open house and Christmas party scheduled for Saturday, December 15th from 10AM to 6PM. Kids can get pictures of them sitting with Santa in the sleigh.

There was a loan of a brand new jointer for the wood shop and the CNC router should be fully operational with a week so the wood shop is now going. We only need a lathe to make it complete.

We have six people at FCW wanting to get or upgrade an Amateur Radio license so we are planning to have VE exams on the 3rd Saturday of November at noon. Spread the word to anyone else who may be interested.

Reminder: LARC officer elections are next month.

Until next time, 73,

Michelle - KD4YTU
